## What's new in 2020?

Better we tell what still is the same: wind, the sea, waves and sunny days to enjoy windsurfing to its most.

As everywhere else almost worldwide, life has changed a lot. On the next pages we offer a quick manual about windsurfers social distancing.

Wearing Face Masks:

- During Flights: masks are mandatory.
- On Rhodes: presently, masks are widely not required: not mandatory at shops, restaurants, in public.

**Unchanged:** sunny days, warm water, side shore winds.

## Meltemi Windsurf Rhodes

Meltemi will have to restrict operations purely to windsurfing.

Strictly no parties, no BBQ's, no Beer Time, no beach events.

Access to hotels is strictly limited to guests. Our guests may possibly not use the bathrooms / toilets of Blue Bay Hotel.

Changing rooms and fridges will not be available at the station. Shower still unclear.

No sunbeds or seating areas provided. Kindly bring your own beach towel or foldable chair and use a free place at the beach.

Of course, nothing stops you to bring a beer to the beach or order a pizza and enjoy the sunset at the beach.

Basically, it is a bit like back to the roots.

It is our all interest to ensure that windsurfing will remain possible throughout the summer 2020 despite the pandemic, and we are committed to apply the restrictions seriously in order to do our part to avoid a backlash.
