

# 2021

*Happy New Year*

Dear friends, dear Meltemians,

Another year is over, for sure not many of us will miss 2020. We all went thru hard times and difficulties during the last months, but we managed to overcome this situation by staying positive, and waiting for best days to come.

Despite all regulations regarding Covid 19 preventions, some of you managed to come this year again in Rodos, where we still had a great time on the beach, and one of the windiest summer! 2020 was not so healthy, but was very windy ☺ Lets hope for a healthy and windy 2021, and be all together again on the beach!

From the end of the last season we already started different renovations, and the installations of air-conditions at Anemos apartments. Working hard to keep and make your favorite places cozy and relax during your holidays on the island. We, at Meltemi and Anemos will be more than happy to welcome all of you again this summer, to share and make wonderful memories together. Without you, Meltemians, the atmosphere on the beach would not be the same! Looking forward for windy days on the water, lazy ones by the beach or the pool BBQs and of course our traditional après surf beer :)

Last but not least,  
we want to thank each and every one of you  
who supported Meltemi and Anemos by  
coming or tried to come last summer despite  
the difficult situation. We really appreciated  
it, and are grateful to all of you.

And now, let's have a great, healthy, windy  
new year!

All of our best wishes for 2021!!!  
Keep safe, keep positive and see you very  
soon!

Take care

Zuzana, Georges, Martin
