What's New at Meltemi

- New cozy seating areas
- Events (under maintaining social distancing, i. e. no dancing)
- As usual, we are also upgrading our equipment this year with new sails, booms, masts, etc.
- The station is gradually regaining some comfort again, which was missed so much last year.

Team 2021: Georges with Denise and Sotiris

Lifestyle part 1: Pizza evening @ Meltemi

Lifestyle part 2: BBQ @ Anemos

What's New at Anemos

- Washing Machine (liquid soap provided)
- Nespresso machine in the lobby
- Roof Lounge
- Storage for bicycles (locked)
- Full year storage for sports equipment and private goods
- Already announced previously: all Apartments are now modernized and air-conditioned.

And, most importantly, the wind conditions:
June was a great month, with good winds almost every day. July started also very well.
The heat wave, under which all Europe suffered, has conveniently warmed up the water a bit more than in previous years.

However, the wind forecasts by more or less all provider, be it Windy, Windfinder, Meteo, or Poseidon, are quite often simply wrong. So, there's only one way: jump on the board when the wind machine starts kicking in 😊

We look forward to seeing you soon. 😊 😊 😊

Hang Loose,

Zuzana
