# Newsletter July 2022

Dear Guests and Friends,

The sun is shining, weather is warm, wind is blowing, summer is here!

After the last 2 years of Covid restrictions, which was hard for all of us, life is almost back to normal this season: we started as usual from beginning of April

- no mask requirements almost everywhere (maybe only in public transport)
- no vaccine certification / PCR test required
- No Passenger Location Forms

We are enjoying the new old “normal”, hope its gonna stay.

We did not waste time to enjoy our time all together again, BBQ's, dining out, beer time, and of course spending time on the water as much as possible!

We are really happy that we already met some of you this season, and are also looking forward to spend time with all of you who will come during the summer.

Ezzy 2022 Sails Parade

## New at Meltemi in 2022

Meltemi Surf Station is waiting for you with new toys 😊

Among new sails, booms, new beginner rigs, we are also offering Wing Foiling! New RRD wings and foil boards waiting for rental and training hours. As most of you know already, Wing Foiling is the latest water sport, which does not require any windsurf or kitesurf experience! And mainly faster and safer to learn than any other wind related sports.

Also, new sitting area outside, and a bigger one with shade are at your disposal for a pleasant stay on the beach.

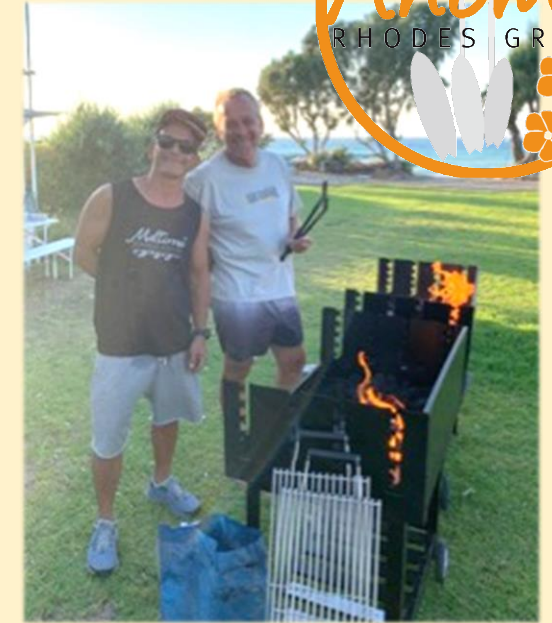

## New at Anemos in 2022

We have extended the popular bay watch seating area and have added a shaded seating area next to the BBQ.

We have installed a compressor for Kites and Wingers.

And, needless to say, we ordered plenty of wind 😊

Can You Guess who is the Rider?

As always, we are having great fun on the water,  
And this year even more with our new toys 😊; the après-surf beers will be very well deserved!

Gia mas to all and see you soon. 😊  
😊😊

Hang Loose,  
Martin                      Zuzana                      Georges
